

Walker Transport Bag – Packing Instructions

The Walker transport bag consists of a main transport bag and a smaller storage-/carry bag. The transport bag fits all Walker models.

Fits all Trionic Walker models.

1 Open the main bag

Unzip the storage bag and unpack the main transport bag.

2 Spread the main bag.

Unzip the full length of the main bag's zipper and unfold the flaps of the bag on the floor.

">

3 Place the walker on the bag.

Place the Walker on the center section of the main transport bag. The main bag has an integrated padded protection flap with a Velcro strap. Pull the padded protection flap upwards and place it between the front wheel forks in order to protect the paintwork.

④ Secure the folded frame with the integrated Velcro strap.

⑤ Fold the center flap over the Walker.

⑥ Lift the side flaps and close the main zipper.

⑦ This photo shows the Walker as correctly packed.
